◆ Spa

◆ Hi-fi/cd player/mp3 player

◆ Wifi

## THE RESIDENCE

## No. 5 Penthouse

Occupying the entire third floor of the distinguished No. 5 complex, built on the storied site of the former Garbos hotel and completed in 2012, this four-bedroom penthouse of two hundred square metres represents a singular address on Verbier's Route de Médran. Its elevated position places the Médran lift station within striking distance, whilst inside, a considered finish of the highest order awaits: an open-plan living and dining area anchored by a real fire, sliding doors giving onto an extensive balcony, and an adjoining well-equipped kitchen that makes the space equally suited to intimate evenings and convivial entertaining.

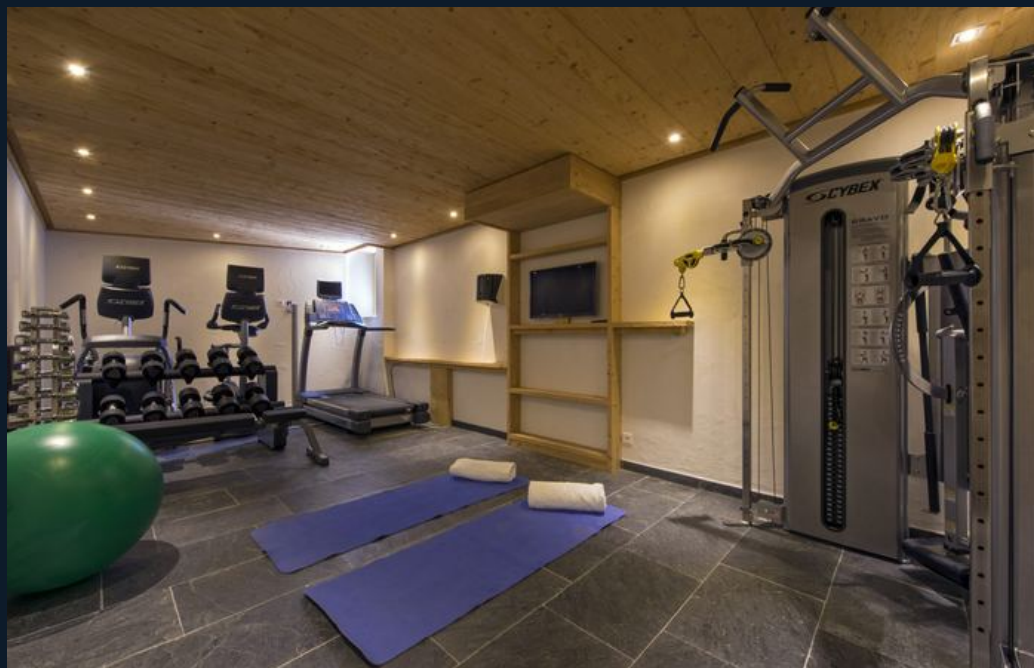

The master bedroom, accessed directly from the living area, is a room of genuine distinction, featuring a roll-top bath, its own fireplace and spectacular Alpine views. Two further twin or double bedrooms, one with a private en-suite shower room, and a charming children's bunk room complete with a mezzanine television area, ensure the apartment accommodates up to eight guests with effortless comfort. A guest WC and private laundry facilities add further convenience, whilst residents arrive by lift and depart their skis in a dedicated ski locker within the shared ski room, complemented by a single underground parking space.

The outdoors hot tub, best enjoyed as the mountains turn amber at dusk, is matched by shared access to a lower-ground-floor spa facility encompassing a hammam, a sauna and a gym. The penthouse is offered on a catered, self-catered or accommodation-only basis, each supported by a dedicated concierge service, ensuring every element of the Alpine experience is arranged to the most exacting personal standard.
