THE RESIDENCE

Chalet Delormes

Chalet Delormes commands one of Verbier's most coveted positions, nestled within the exclusive Le Hameau development and set amid tranquil private gardens just one hundred metres from the Le Rouge piste, with the beginner nursery slopes only a gentle stroll away. A magnificent standalone residence accommodating fifteen guests across seven individually designed bedrooms, each appointed with en-suite or private shower and bathroom facilities, the chalet is a testament to the owner's artistic vision and an unwavering dedication to detail. Traditional Alpine materials are woven throughout with a refined, contemporary sensibility, the result being a home of genuine warmth and rare sophistication.

Across four thoughtfully arranged floors, every space has been conceived for both grand entertaining and quiet retreat. The principal living area on the second floor revolves around a commanding stone fireplace, with sliding doors drawing the eye to a generous terrace where natural light pours freely into the room. A fully equipped kitchen, finished to the highest standard, overlooks the dining area, while a mezzanine double bedroom tucked into the eaves adds a sense of architectural intimacy. The master suite occupies a floor of its own, its floor-to-ceiling French windows opening onto a shared terrace with breathtaking views, and its en-suite bathroom offering his and hers sinks, a freestanding bath and a separate shower of considerable elegance.

Below, a dedicated wellness floor provides an indoor hot tub, sauna and rain showers for restorative evenings after the mountain. A television and games room, complete with pool table and dart board, a generous L-shaped sofa and a small kitchen and bar area, ensures that the chalet is equally suited to lively gatherings as to peaceful seclusion. French windows from the ground-floor bedroom open directly onto the sunny garden, completing a residence that balances the grandeur of the Alps with the ease and intimacy of a true private home.
