THE RESIDENCE

Chalet Aline

Chalet Aline occupies a wonderfully private position in the heart of Verbier, its 225 square metres of thoughtfully designed space accommodating up to six guests plus two children across four bedrooms spread over three floors. Conceived with a genuine reverence for local alpine architecture, the interiors marry aged timber, stylish furnishings and subtle lighting to create an atmosphere that feels at once authentic and effortlessly refined. Every floor opens onto a south-facing terrace or balcony, ensuring the chalet is bathed in natural light and affording uninterrupted, majestic views of the Combin mountain range throughout the day.

The principal living floor is given entirely to an open-plan sitting room, dining area and kitchen, where a large open fireplace and generous sofas invite unhurried evenings together. Floor-to-ceiling French windows draw the eye directly to the snow-covered peaks and open fully onto a spacious balcony, seamlessly connecting the warm interior with the spectacular alpine landscape beyond. The master bedroom on the top floor enjoys its own private balcony and seating area, accompanied by a stylish en-suite bathroom with separate shower, whilst a dedicated children's bunk room and private shower room sit alongside it. On the ground floor, two further double bedrooms each benefit from floor-to-ceiling windows opening onto the terrace and garden, sharing a well-appointed bathroom with shower.

For post-slope restoration, the ground floor also houses a spacious television room and a wonderful hammam, its pretty window perfectly framing the mountain panorama. A chic ski and boot room, complete with heated boot warmers and its own external entrance, ensures effortless arrivals and departures, whilst generous equipment storage and one outdoor parking space attend to every practical consideration. Daily housekeeping, premium bathroom amenities, finest-quality linen and a dedicated concierge service complete this exceptional offering, with private chefs, transfers and a wealth of bespoke additional services available upon request.
