THE RESIDENCE

Christiania Residence

Completed for the 2017/18 season, Christiania Residence stands in a prime position at the very heart of Zermatt, just 500 metres from the Matterhorn Glacier Paradise and its direct access to the main ski area. Spanning 1,728 square metres across five exceptional apartments, this landmark development accommodates up to 40 guests across 20 generously proportioned bedrooms, each appointed with super-king beds convertible to twins, individual televisions, desks, safes and, for most rooms, private or shared terraces framing views of breathtaking alpine grandeur. From the upper floors, the iconic Matterhorn itself comes into perfect view, a prospect few properties in the resort can rival.

Designed equally for distinguished families and corporate gatherings of scale, the residence offers a dining arrangement of rare sophistication. The seven-bedroom penthouse seats 26 at its principal table, whilst supplementary arrangements on further floors accommodate 16 and 8 additional guests respectively, ensuring every member of the party dines together in elegance. A dedicated cinema room crowns the top floor, whilst wellness amenities include an outdoor hot tub set within generous gardens on the lower ground level, a sauna on the third floor, a fully equipped gym and a private massage room. A central ski room with individual apartment lockers and heated boot warmers, together with a lift serving the entire building, completes this superbly considered residence.

Christiania Residence is available on a catered, bed and breakfast or self-catered basis, each accompanied by a dedicated chalet manager and residence manager who attend to every detail with quiet precision. Concierge services, daily housekeeping, premium linens, robes and toiletries are provided as standard, with an extensive suite of additional services, from private ski guiding and helicopter transfers to in-residence massage and corporate event planning, available to tailor the stay to exacting requirements. Pricing is based on full occupancy across all five apartments, with single-occupancy and bespoke group arrangements equally available upon request.
