THE RESIDENCE

Chalet Mowgli

Completed following a comprehensive renovation in 2018, Chalet Mowgli occupies one of Verbier's most coveted positions, offering direct ski-in access when snow permits and sweeping, uninterrupted views across Mont Rogneux and Petit Combin. Spanning 250 square metres across three floors, the chalet accommodates ten guests across five beautifully appointed bedrooms, including a dedicated bunk room ideal for younger travellers, making it an exceptional retreat for families and intimate groups of friends alike.

The entrance level reveals an expansive open-plan kitchen, living and dining room bathed in natural light through double-height windows, framing the mountain panorama with quiet drama. A handmade oak dining table seats ten beneath the gaze of a sleek, bespoke kitchen finished in deep blue and chrome, while a central island serves as a generous breakfast bar. As evening descends, the room transforms, alive with considered lighting and the warm, flickering glow of an open wood-burning fireplace. Generous sofas invite long, unhurried evenings, and the south-facing balcony beyond the glazed doors is a magnificent stage from which to savour a glass of something sparkling whilst watching skiers trace their lines down Le Rouge piste below.

The top floor is given entirely to a magnificent master suite, its vaulted ceilings and skylights lending the space an airy, luminous calm. Dressed in muted, restorative tones, it features an en-suite bathroom with separate shower, his and hers sinks, and a generous walk-in dressing room. On the ground floor, four further bedrooms, each individually decorated with refined taste, open onto a terrace where a private outdoor hot tub awaits, perfectly positioned to absorb those extraordinary Alpine views. A ski and boot room with heated boot warmers, a laundry room, and dedicated parking complete this immaculate mountain residence, available on a self-catered or accommodation-only basis.
