THE RESIDENCE

Mont Tremblant

Poised in an exclusive and elevated enclave above the village of Méribel, Mont Tremblant is a commanding six-bedroom mountain residence of 600 square metres, set within its own private grounds and enjoying breathtaking south-facing panoramas across the snow-cloaked peaks of the world's largest ski area. A three-minute chauffeured drive delivers guests to both the Saulire Express lift station and the village centre, placing the very best of the Three Valleys within effortless reach. The chalet's architecture masterfully unites alpine chic with traditional craftsmanship, natural materials and warm, neutral interiors, creating a home of rare refinement that accommodates twelve guests across six beautifully appointed en-suite bedrooms, each graced with its own fireplace and television.

At the heart of the residence, a double-height living space floods with natural light through floor-to-ceiling windows, framing those unforgettable mountain views and gathering the whole party around a magnificent central open fireplace. A cosy snug with a picture window offers a quieter retreat, whilst the spacious south-facing terrace extends the living space seamlessly into the mountain air. The separate kitchen and elegant dining area ensure meals are savoured in an entirely private and relaxed setting, complemented by a dedicated ski room with boot warmers, an office and a guest cloakroom. The top floor is reserved entirely for the master suite, where exposed timber beams, an open fire, a generous double bath and a walk-in rain shower combine to create a haven of exceptional comfort.

The entertainment and wellness offering at Mont Tremblant is equally impressive. A dedicated television and games room features Sky, Apple TV, PlayStation, a bar, a darts board and a pool table, whilst an adjoining playroom with table football, a Wii and a selection of toys and games ensures younger guests are equally well catered for. The wellness area encompasses a hammam, a dedicated massage treatment room and an outdoor hot tub on the lower terrace, all crowned by the property's most spectacular feature, a heated outdoor infinity pool complete with jet streams, delivering an utterly sublime combination of relaxation and panoramic alpine views.
