THE RESIDENCE

Brunnenhof 5

Positioned within the world-renowned resort of Lech, Brunnenhof Apartment 5 occupies the second floor of a fully renovated residence of fourteen apartments, each finished to the most exacting standards. Spanning 98 square metres, this beautifully appointed apartment accommodates six guests across three bedrooms: two spacious en-suite doubles and a deluxe master suite with an en-suite bathroom, separate shower and privileged access to a panoramic terrace commanding breathtaking views of the surrounding mountains. Throughout, calming azure hues and chic modern finishes create an atmosphere of serene sophistication, while floor-to-ceiling windows flood the open-plan kitchen, dining and living area with mountain light, and a generous balcony invites guests to savour the alpine panorama at leisure.

The apartment's living spaces have been designed with equal measures of style and comfort in mind. Morning light pours across the dining area, perfect for an unhurried breakfast, whilst the fireplace provides a warmly convivial retreat on return from the slopes. The fully equipped kitchen ensures every culinary need is met, and the apartment includes one dedicated parking space for effortless arrivals. Shared facilities within the residence are nothing short of exceptional, encompassing an indoor swimming pool, spa, hammam and sauna, providing a restorative sanctuary at the close of each day on the mountain.

For the keen skier, the Schlosskopf chairlift is a mere six-minute walk away, whilst the vibrant centre of Lech, with its sophisticated dining and social scene, lies within a ten-minute stroll. The apartment may be enjoyed on an accommodation-only, self-catered or bed-and-breakfast basis, with a dedicated residence concierge available daily to attend to every detail of your stay, from lift pass arrangements to securing coveted restaurant reservations in the village.
