THE RESIDENCE

Sorbier 118

Newly renovated and occupying a prime position in the heart of Verbier, Sorbier 118 is a magnificent penthouse apartment spread across two beautifully appointed floors, accommodating eight guests across four bedrooms. Situated just over one hundred metres from the Rue de Médran and within a five-minute walk of the Médran lift, the property offers an exceptional combination of village convenience and mountain grandeur, complemented by two private underground parking spaces and a dedicated ski locker with boot heaters on the ground floor of the building.

At the heart of the apartment, a generous open-plan living and dining room impresses immediately, its principal dining area distinguished by soaring double-height ceilings and a large table well suited to convivial gatherings. Deep, comfortable sofas are arranged around a traditional wood-burning fireplace, while the entire living space opens onto a wraparound balcony commanding sweeping panoramic views of the Trient Massif and the surrounding Alpine peaks. The well-equipped open-plan kitchen is delineated from the living area by an elegant bar, completing a ground floor that also houses three spacious bedrooms, each with its own en-suite facilities, including a master bedroom at the front of the property with spectacular views and a dedicated desk.

Ascending to the upper floor, a cosy reading nook invites quiet contemplation, while a private sauna provides a deeply restorative retreat after a day on the mountain. A further double bedroom with a separate private shower room completes this level, ensuring every guest enjoys both comfort and privacy throughout their stay.
