THE RESIDENCE

Chalech 4

Chalech 4 is one of five exquisite residences within the prestigious Chalech development, a refined new complex that sits in perfect harmony with the sophisticated character of Lech. Spanning 379 square metres across three elegant floors, connected by both staircase and lift, the property accommodates up to fourteen guests across six beautifully appointed bedrooms, and is positioned just a few minutes' walk from the nearest ski lift and a ten-minute stroll from the heart of the village.

The uppermost floor is given over to a spectacular open-plan living, dining and kitchen space, where clean architectural lines and rich textiles strike a compelling balance between contemporary precision and alpine warmth. A luxurious green velvet sofa anchors the sitting room, which opens onto a terrace and gazes through floor-to-ceiling windows across the illuminated village rooftops to a dramatic mountain panorama beyond. A wood-burning stove completes the scene. The master suite on this level is a genuinely indulgent retreat, featuring a freestanding bath, a generous shower and his-and-hers sinks. The middle floor presents three further en-suite double bedrooms, each with its own design character, two of which share access to a private balcony. The lower level accommodates a further double en-suite bedroom alongside a quad bunk room, and is also home to a dedicated media room with a large-screen television and an L-shaped sofa, ideal for younger guests.

The wellness offering at Chalech 4 is exceptional. A private spa area on the lower floor houses both a sauna and a hammam alongside a dedicated relaxation zone, while residents also enjoy shared access to the building's indoor swimming pool, tepidarium and gym. A shared ski room with private lockers provides a thoroughly practical counterpoint to these considerable luxuries, ensuring every aspect of the alpine experience is catered for with equal care.
