THE RESIDENCE

Grand Pré 4

Presiding over Val d'Isère with commanding views of the La Face piste, Grand Pré 4 is a split-level penthouse apartment of rare distinction, spanning three floors and welcoming up to eight guests across four generously proportioned bedrooms. Ski-in, ski-out convenience is matched by an architectural boldness that announces itself the moment one steps through the entrance: double-height ceilings soar above a sweeping open-plan living and dining area, its reclaimed timber walls and ceilings lending warmth and timeless character to the space. A wood-burning fireplace anchors the room, whilst a plush L-shaped sofa and armchairs invite unhurried evenings, and wide glass doors open onto a generous balcony perfectly placed for watching the mountains surrender to dusk. A mezzanine library reached by a discreet ladder adds a further layer of intimacy to this luminous, light-saturated interior.

The four en-suite bedrooms ascend through the property with a considered sense of arrival, culminating in the loft-style master suite tucked into the eaves, where a sumptuous bathroom combines a shower-hammam with a freestanding bath, and a private balcony catches the best of the morning sun. A fully equipped kitchen overlooks the dining table, which seats the full party of eight with ease, whilst a dedicated ski and boot room at the entrance ensures the transition from mountain to home is entirely seamless. Guest WCs and a laundry complete the thoughtfully arranged accommodation across all three levels.

Below the living quarters, the building's first floor reveals a refined shared spa, centred on a heated swimming pool and complemented by a sauna, offering a restorative retreat for those returning from the slopes. Two dedicated parking spaces with electric car charging ports occupy the lowest level of the building, ensuring practicality is observed with the same quiet thoroughness as every other element of this exceptional Val d'Isère address.
