♦ 4 bedrooms

♦ 4 bathrooms

♦ Balcony

♦ Shared access to pool

♦ Shared access to sauna

♦ Bluetooth speaker

♦ Smart tv

♦ Wifi

♦ Cot/high chair available

## THE RESIDENCE

## Grand Pré 2

Perched above the legendary La Face piste in one of the world's most celebrated ski resorts, Grand Pré 2 is a beautifully appointed four-bedroom apartment forming part of an exclusive residence of four luxury homes. Spanning 130 square metres and accommodating up to ten guests, the apartment marries a deep reverence for mountain life with genuinely sophisticated interiors, where rich textured woods, faux-fur soft furnishings and bespoke wrought-iron sculptures, each crafted by a leading metal sculptor and inspired by local Alpine fauna, create a space that is at once elegant and warmly inviting. Ski directly to the building's dedicated ski room on the ground floor, then ascend to the second-floor living level where large windows and twin sets of glass doors frame dramatic mountain panoramas and open onto a generous balcony, perfectly positioned to catch the last golden light of a spring afternoon.

The open-plan kitchen, living and dining area flows effortlessly around a wood-burning fireplace, a centrepiece that anchors the room with an authentic chalet spirit, while a contemporary wooden table seats all ten guests beneath ambient overhead lighting. The four bedrooms, arranged across the first floor, each carry a refined neutral palette enlivened by richly textured fabrics, with the master bedroom offering a generous ensuite bathroom, a separate shower and private terrace access. Two further twin or double bedrooms each benefit from ensuite shower rooms, one enjoying its own terrace outlook, while a fourth room houses four adult-sized, hand-crafted bunk beds with a dedicated ensuite and a private WC, making it an inspired retreat for younger guests. A private laundry room with washer and dryer completes the apartment's discreet practicalities.

Beyond the apartment itself, Grand Pré 2 affords shared access to an exceptional wellness suite on the building's first floor, centred on a heated swimming pool with an endless current and submerged jet spa, complemented by a sauna for the restoration of ski-weary muscles. A basement parking garage with two dedicated spaces, each equipped with an electric car charging port, provides a further layer of effortless convenience, ensuring that every arrival and departure from this remarkable Val d'Isère address is as seamless as the skiing itself.
