THE RESIDENCE

Alexandra

Apartment Alexandra is a beautifully appointed 140-square-metre residence set within the exclusive Nasserein quarter of St Anton, where the genteel hush of this sought-after neighbourhood sits in pleasing contrast to the vibrancy of the town centre, just a short walk away. Completed in 2010 to the most exacting standards, the apartment has been finished throughout with aged timbers and natural stone, lending the interiors a warmth and authenticity that is genuinely rare. The single-floor arrangement flows from a generously proportioned open-plan kitchen, living and dining space, suffused with natural light, through French windows onto a private terrace and garden, an idyllic setting for an evening aperitif. The kitchen overlooks the dining area, where six guests may be seated in comfort.

Alexandra accommodates six guests across three individually appointed en-suite bedrooms. The master double bedroom enjoys direct terrace access and views over the piste, while the two further bedrooms, each with a private en-suite bathroom, may be configured as either double or twin rooms by way of zip-and-lock beds; one is additionally equipped with a television and DVD player. When snow conditions favour it, competent skiers may ski directly to and from the property, and the Nasserein lift is within easy walking distance for all other occasions.

Guests of Alexandra enjoy shared access to an impressive lower-ground-floor spa, complete with hammam, sauna and a dedicated relaxation area, as well as a shared ski and boot room. A laundry room with washer and tumble dryer sits on the same lower level, and external parking for one vehicle is provided. The owners have brought genuine care and discernment to every detail of this residence, creating an atmosphere that is at once refined and warmly familial, an ideal base for a thoroughly considered Alpine retreat.
