THE RESIDENCE

Schwarzee

Schwarzee is a beautifully appointed ground-floor apartment of 190 square metres, set within a peaceful enclave of Zermatt and perfectly scaled for four guests across two elegantly configured bedrooms, each finished with an en-suite bathroom and separate shower. Both bedrooms open directly onto the garden and terrace, where mornings unfold with coffee in hand and the full grandeur of the surrounding Alpine landscape as a backdrop. The village centre lies a leisurely fifteen-minute stroll away, or a short ride in an electric taxi, ensuring a sense of unhurried seclusion without any sacrifice of convenience.

The open-plan living and dining room is framed by floor-to-ceiling sliding doors that dissolve the boundary between interior and terrace, drawing in natural light and uninterrupted views towards the majestic Matterhorn. A wood-burning fireplace anchors the space with warmth and atmosphere, while the garden beyond provides an idyllic retreat for both relaxation and gentle outdoor play. A ski and boot room, complete with heated boot warmers, attends to every practical need with quiet efficiency.

Descending to the lower ground floor, guests discover an exquisite shared spa, comprising an indoor swimming pool, sauna, hammam and dedicated massage treatment room, an ideal sanctuary in which to restore the body after a morning on Zermatt's celebrated summer ski area, renowned as Europe's largest and highest summer skiing region. For those wishing to accommodate a larger party, Schwarzee connects through an adjoining door to the neighbouring apartment, Furi, together forming the combined residence known as Elena, which sleeps up to eight guests across four bedrooms.
