THE RESIDENCE

Apartment Nanuq

Commanding an enviable position just a minute's ski from the Adret lift and a mere 150 metres from the children's ski club, Apartment Nanuq is a magnificent third-floor residence of 450 square metres that accommodates up to fourteen guests across seven beautifully appointed bedrooms. Set directly on the edge of the Forêt piste, this ski-in, ski-out apartment unites effortless mountain access with an interior of exceptional refinement, where bespoke furnishings, calming green hues and warm neutral accents compose an atmosphere of considered, understated luxury throughout.

The principal floor reveals a sweeping open-plan living, dining and kitchen space anchored by a wood-burning fireplace, its glow reflected in plush sofas and armchairs that invite long evenings in fine company. An oak dining table seats up to twelve, while a beautifully appointed kitchen with a central island and handsome wooden cabinetry caters to every culinary ambition. Multiple French windows open onto a wrap-around balcony where panoramic alpine views unfold, and the master bedroom, complete with twin sinks, a separate shower and its own balcony access, occupies a wing of quiet distinction on this same floor.

Ascending the floating staircase, a dedicated hammam with separate shower provides the perfect restorative after a day on the mountain, while a vaulted TV room with bar and sliding glass doors opening to a further balcony creates an irresistible retreat for evenings in. A sun-drenched reading nook on the landing and a private laundry room speak to the apartment's thoughtful practicality, and the top floor adds a double bedroom with television alongside a charming bunk room ideal for younger guests. Three indoor parking spaces and the impeccable daily housekeeping and concierge service complete a stay of quite exceptional comfort in the heart of the French Alps.
