THE RESIDENCE

Chalet Lalapanzi

Chalet Lalapanzi is a beautifully proportioned six-bedroom alpine retreat accommodating ten adults and two children, set just moments from the centre of Verbier. A two-minute drive or a leisurely ten-minute walk separates guests from the Médran lift, striking an effortless balance between peaceful seclusion and immediate access to the mountain. Warm wooden finishes, a traditional fireplace and high vaulted ceilings with floor-to-ceiling windows define the principal living spaces, where generous south-facing terraces frame spectacular panoramic views across the surrounding peaks at every turn.

The chalet unfolds across four thoughtfully arranged levels, connected by both a graceful staircase and a private internal elevator. Guests arrive via an indoor garage offering three parking spaces, stepping first into a dedicated ski room equipped with boot heaters and ample storage for all equipment. The ground floor provides a bright open-plan lounge with direct terrace access, a fully equipped kitchen with a dining area seating up to twelve, four bedrooms including a bunk room for younger guests, and a mix of en-suite and shared bathrooms. Ascending to the first floor, the magnificent main living area unfolds beneath its vaulted ceiling, where a traditional fireplace and a south-facing mezzanine nook invite quiet moments away from the slopes.

The entire top floor is devoted to a serene primary suite complete with a walk-in closet, a private office, and a luxurious en-suite bathroom featuring a bath, shower, double sinks and a towel heater, all opening onto a south-facing balcony perfectly positioned for unhurried mountain mornings. Weekly rental rates range from CHF 18,670 to CHF 94,340, with accommodation-only, self-catered and fully catered service levels available to suit every preference. Generous, authentic and supremely well located, Chalet Lalapanzi is an outstanding Verbier home for families and groups who demand both comfort and character in equal measure.
