## THE RESIDENCE

# Chalet Pierrier

Chalet Pierrier occupies a peaceful corner of Verbier, offering a serene and beautifully considered retreat for up to ten guests in the heart of the Swiss Alps. Spanning approximately 250 square metres across multiple levels, this standalone contemporary chalet marries warm mountain materials with refined modern architecture, placing guests within easy reach of both the village and the celebrated slopes of the Quatre Vallées. Five elegantly appointed en-suite bedrooms, each finished to an exceptional standard, provide a deeply restful counterpart to days spent on the mountain.

The upper ground floor forms the sociable heart of the chalet, where a luminous open-plan living and dining area centres upon a striking fireplace, its generous sofas and large windows drawing the eye towards the surrounding alpine panorama beyond the spacious terrace. A sleek, fully equipped kitchen and back kitchen sit alongside the dining area, while a cosy television snug and a discreet desk area attend to every mood and practical requirement. The ground floor is devoted to rest and renewal, with four double bedrooms each enjoying direct access to the lower terrace, a private outdoor hot tub set against the peaks, and a dedicated massage treatment room for in-chalet wellness sessions. A self-contained master suite occupies its own level entirely, complete with a luxurious bathroom housing both a bath and shower, a separate WC, a walk-in wardrobe, a desk area and a private balcony commanding beautiful alpine views.

A well-appointed ski room with boot warmers and ample storage ensures effortless departures to the slopes each morning, while a garage on the uppermost floor provides secure private parking. Chalet Pierrier is available on a self-catered, bed and breakfast or fully catered basis, with concierge services, daily housekeeping and a thoughtfully curated suite of additional provisions ensuring every element of the stay is arranged to the highest standard.
