THE RESIDENCE

Chalet Vallon D'Arbi

Perched in an elevated position above the village, Chalet Vallon d'Arbi commands breathtaking panoramic views across Verbier and the surrounding peaks, with the Les Esserts slopes just a few minutes' walk from the door. Spanning four generous floors and 607 square metres, this beautifully appointed retreat accommodates eight guests across four bedrooms, each dressed in soft natural tones with warm timber accents and ensuite shower rooms. Reclaimed alpine timber, hand-selected furnishings, organic textures and artisan details weave together a interior that feels at once refined and deeply welcoming, while heated floors throughout and a private lift serving every level ensure seamless comfort from arrival to departure.

The social heart of the chalet unfolds on the first floor, where soaring vaulted ceilings with exposed timber beams arch above a sitting room anchored by a striking stone fireplace. Deep curved sofas and expansive windows frame the mountain panorama in every direction, while a stylish bar corner enclosed by a crittall-style glass partition houses a wine fridge, spirits shelf and coffee station. A fully equipped kitchen flows into a generous dining area seating up to ten, and wide doors open onto the terrace, where a traditional Nordic wooden hot tub overlooks snow-covered peaks and the valley far below. An outdoor sauna completes the alfresco offering, promising restoration beneath open Alpine skies.

The lower ground floor reveals a dedicated ski room with boot warmers, a private cinema room featuring the Bang and Olufsen Beosound Theatre surround sound system, and a Technogym Bench with access to over 200 guided exercises, ensuring both adventure and recovery are catered for in equal measure. A private indoor garage with an electric vehicle charging point adds a further layer of effortless convenience. The primary bedroom crowns the top floor as a serene sanctuary, its reclaimed wood panelling and south-facing private terrace offering glorious mountain views, accompanied by a quiet study with a Technogym exercise bike that elegantly balances wellness with the unhurried rhythm of alpine life.
