THE RESIDENCE

Apartment Michou

Apartment Michou is a 130 square metre residence on Chemin des Vernes in Verbier, laid out for families and groups of friends who want space, comfort and an easy rhythm to their days in the mountains. It sleeps four adults and four younger guests, combining two private double bedrooms with a dedicated bunk room.

The living area and open kitchen form a natural meeting place for shared breakfasts and relaxed evenings, opening onto a balcony with views of the surrounding mountain landscape. Both double bedrooms have their own en-suite shower room, while the dormitory, with four bunk beds, has a separate shower room of its own. A small laundry room adds everyday convenience, and a shared ski room in the building keeps equipment close at hand.

Apartment Michou can be booked on an accommodation-only, self-catered or catered basis. With the catered option, daily breakfast and a chef and hosting team on five evenings take care of everything, so the focus stays on the slopes and on time together.
