THE RESIDENCE

Chalet Alpin Roc

Perched in the coveted Sonalou area at the heights of Verbier, Chalet Alpin Roc commands breathtaking panoramas across the surrounding peaks and the village nestled far below. Extending across three beautifully considered floors and accommodating eight guests in four bedrooms, this 250 square metre residence is a masterclass in refined Alpine living, where aged timbers and natural stone are woven together with contemporary Italian furnishings and exquisite Swiss detailing to create an interior of rare warmth and sophistication.

The second floor reveals a wonderfully luminous open plan living, dining and kitchen space, centred upon an open fireplace and framed by generous French windows that draw the celebrated Verbier sunset directly into the room. A mezzanine chill out space and television room with low, deeply comfortable sofas sits above, offering a quiet retreat for those seeking repose. The fully equipped kitchen stands ready to support the most ambitious private dining occasion, while an outdoor hot tub invites guests to linger beneath the mountain sky long after the slopes have quietened.

The four bedrooms are distributed thoughtfully between the first and second floors. The master suite occupies a commanding position at the front of the property, complete with an en suite bathroom and separate toilet, while a handsome double bedroom and a charming bespoke bunk room with skylight windows share a shower room that also serves as a hammam. Two of the first floor bedrooms open onto a private balcony. Practical comforts are equally well considered, with a garage for one vehicle, three additional exterior parking spaces, a boot room with boot heaters and a dedicated laundry area completing this exceptionally appointed mountain retreat.
